

Installation Instructions

1. Mount base to table using wing nuts. Open button covers, push buttons and fully expand legs. Close button covers.

2. Center the device and push in side legs. Then push the top leg.

3. Mount the keyboard security bar to fixture to fully secure.

*Please note, depending on device keyboard, the security bar will go above or below the keyboard. (Bar is placed below on Microsoft Surface, Above on iPad Pro)
