

Verifone e285 Payment Cradle Instructions

1. Remove the e285 payment cradle from the box, if applicable install the adhesive pad in the manner seen below.

2. Peel off the red adhesive pad film, then take the back cover of the e285 device and align within the payment cradle by hovering over the adhesive pad. Once aligned properly, firmly install the back cover to the adhesive pad.

3. Then take the e285 payment device and install by sliding into the payment cradle. Afterwards plug the USB-C Cable into the Verifone e285 payment device.

4. Once the Verifone e285 device has been installed, you can now finalize installation by sliding the payment cradle onto the EZ Back utilizing the accessory wing.

- 5. To disable the quick release feature of the payment cradle in order to keep the payment device secured, use the red handled tool and turn clockwise via the slot located on the top left corner of the payment accessory.
